**FLAWLESS CUSTOM
CABINET COLOR SW6188**

For a streamlined aesthetic, these Lambert cabinets were perfectly color-matched to the range and dishwasher, creating a cohesive and harmonious design.

Au Naturel.

TOASTY, TAN BISCOTTI

The current emphasis on sustainability and biophilic design has put natural materials front and center in home décor. Clients have been gravitating to light-toned stains keeping the beauty of their cabinetry organic, showcasing the characteristics of the wood grain in an understated way.

To meet this increasing demand, we have developed a new finish to add to our current lineup of light stains, Biscotti, a toasty tan stain that features a golden undertone.

Light wood stains blend effortlessly with a wide range of styles—from Scandinavian minimalism to modern farmhouse and even transitional designs. Whether your client wants a sleek, streamlined look or prefers a cozier atmosphere, a lightly stained wood provides an adaptable foundation that is incredibly versatile.

Biscotti is available on the following species:

Walnut Interior Option

NEW MODIFICATION

You now have another interior finish option when ordering maple tinted varnish cabinets, walnut! This modification must be applied to each cabinet individually in your order that requires a walnut interior. For upcharge, please see catalogue.

The beauty of walnut lies in its wild and varied wood grain. These deep color tones offer a unique and luxurious look adding warmth and sophistication to any space.

The richness of walnut is especially striking when paired with any shade of green, bringing out the best in both finishes and adding an irresistibly attractive touch to your client's home.

TREND WATCH 2025

Colorful kitchens with personality are preferred over clean white kitchens with green being the dominant color of choice.*

WITH PAINTED CABINETS - OH MY!

Elevate the everyday with walnut cabinet interiors + walnut storage solutions. Together these two separate modifications create a refined look of true craftsmanship for your maple painted cabinet orders.

Walnut storage units are available in wood stained cabinets as well with the standard maple interior color option.

NEW! TIERED DEEP DRAWER

The top tray of this deep drawer is perfect for holding lids. It rolls back with ease to reveal pots underneath.
